Promoter Behaviour · Board Composition · Leadership History (2024–2025)

Prepared: April 2026 | Companies covered: IHCL, Chalet Hotels, Lemon Tree Hotels, EIH Limited, Juniper Hotels

This document covers promoter shareholding and behaviour, board composition, and key leadership changes over the last two years for five listed Indian hospitality companies. Information has been compiled from BSE/NSE filings, annual reports, company websites, CARE Ratings credit reports, and news disclosures. All shareholding figures are as per the most recently available quarterly filings.

1. The Indian Hotels Company Limited (IHCL)

Promoter Behaviour & Shareholding

IHCL is promoted by Tata Sons Private Limited, which held approximately 38.12% of the company's equity as of June 2025 — a level that has been consistently maintained over the past several years. Tata Sons itself is the single largest shareholder at ~35.66%, with the remaining promoter stake held through other Tata Group entities. The ownership structure follows a straightforward one-share-one-vote principle, with no dual-class share arrangement. The stable and unpledged promoter holding is widely seen as a signal of long-term strategic commitment to the hospitality business. Foreign Portfolio Investors (FPIs) have gradually raised their stake to around 27.4%, while Domestic Institutional Investors (DIIs, including mutual funds and insurers) hold approximately 17.7% of the company. The Indian public holds around 13.7%. LIC of India is among the notable institutional shareholders. There have been no material pledging of promoter shares and no block deals or notable stake changes by the promoter group in the 2024–25 period.

Board Composition (as of FY2024-25)

The IHCL board is chaired by N. Chandrasekaran, who simultaneously serves as Chairman of Tata Sons, ensuring direct alignment between the promoter and the company. The executive leadership is headed by Puneet Chhatwal as Managing Director and CEO. The board as constituted for FY2024-25 includes the following members:

- **N. Chandrasekaran:** Non-Executive Chairman (also Chairman, Tata Sons)
- **Puneet Chhatwal:** Managing Director & CEO
- **Mehernosh S. Kapadia:** Non-Executive Director (Tata Group representative; Chairman, Taj Air Ltd.)
- **Nasser Munjee:** Independent Director
- **Hema Ravichandar:** Independent Director
- **Venkataramanan Anantharaman:** Independent Director
- **Vibha Paul Rishi:** Independent Director
- **Beejal Desai:** Executive VP & Company Secretary (KMP)
- **Ankur Dalwani:** EVP & CFO (KMP, elevated to role effective July 2024)

Independent directors bring backgrounds in management consulting (McKinsey), banking, marketing, and finance. The board held four meetings during FY2024-25. All committee recommendations were approved by the board. IHCL adopted an AI-powered ESG reporting platform (Credible) during this period, reflecting the board's focus on sustainability governance.

Leadership History (2024–2025)

Puneet Chhatwal has been MD & CEO since November 2017, when he was appointed to replace Rakesh Sarna. He joined from Steigenberger Hotels AG (Deutsche Hospitality) and brings over three decades of global hospitality experience. There has been no change at the CEO level during 2024 or 2025 — Chhatwal's continued tenure reflects the board's confidence in his Accelerate 2030 strategic plan. The key leadership change during FY2024-25 was the elevation of Ankur Dalwani as Chief Financial Officer:

he was designated CFO (Designate) on December 1, 2023, and formally assumed the role of EVP & CFO effective July 1, 2024. N. Chandrasekaran has remained Chairman throughout this period. IHCL's portfolio reached 628 hotels (373 operational, 255 in pipeline) as of late FY2024-25, reflecting sustained execution of its growth strategy.

2. Chalet Hotels Limited

Promoter Behaviour & Shareholding

Chalet Hotels is a part of the K. Raheja Corp Group, one of India's prominent real estate and hospitality conglomerates. The promoter group is led by Ravi Chandru Raheja and Neel Chandru Raheja, sons of founder Chandru L. Raheja. The promoter group held approximately 67.3% of the company as of September 2025, down from around 71.65% in mid-2022, reflecting a gradual dilution over the years since the IPO in February 2019. The list of promoter entities as per the FY2024 annual return includes: Neel Chandru Raheja, Ravi Chandru Raheja, Ivory Properties and Hotels Pvt. Ltd., K. Raheja Private Limited, K. Raheja Corp Private Limited, Touchstone Properties and Hotels Pvt. Ltd., Genext Hardware and Parks Pvt. Ltd., Anbee Constructions LLP, Cape Trading LLP, Capstan Trading LLP (8.05% stake), Casa Maria Properties LLP (7.55%), RaghuKool Estate Development LLP, and Palm Shelter Estate Development LLP. A significant concern flagged by analysts is the high level of promoter pledge: as of the most recently reported quarter, approximately 31.9% of promoter holdings were pledged. This is among the higher pledge levels in the listed hospitality space and has been a subject of market commentary. The promoter holding has declined by around 4.3% over three years, partly attributable to Offer-for-Sale tranches at the time of IPO and subsequent small dilutions.

Board Composition (as of FY2024-25)

The Chalet Hotels board reflects the Raheja family's promoter-dominant structure, with family members occupying non-executive director roles. The board as of FY2024-25 includes:

- **Hetal Gandhi**: Independent Chairman & Non-Executive Director
- **Ravi C. Raheja**: Non-Executive, Non-Independent Director (Promoter)
- **Neel C. Raheja**: Non-Executive, Non-Independent Director (Promoter)
- **Sanjay Sethi**: Managing Director & CEO (until January 31, 2026)

- **Arthur William De Haast**: Non-Executive Independent Director
- **Radhika Dilip Piramal**: Non-Executive Independent Director
- **Joseph Conrad D'Souza**: Independent Director

The board has maintained a balance between promoter family representation and independent oversight, with independent directors forming the majority of the board's audit and remuneration committees.

Leadership History (2024–2025)

The most significant leadership event at Chalet Hotels during this period was the planned CEO succession. Sanjay Sethi, who had led the company as MD & CEO since January 2015 (with a brief departure to ITC Hotels in 2017 and return in 2018), announced during the Q1 FY2026 earnings call (August 2025) that he would not seek an extension of his term ending January 31, 2026. Shwetank Singh, who had joined as Chief Growth Officer in August 2023 and was inducted as Executive Director on October 24, 2024, was named MD & CEO Designate by the board. Shareholder approval for Singh's appointment was obtained on January 30, 2026, and he formally assumed the role on February 1, 2026.

Sethi transitioned to a Non-Executive Director position. The CFO as of FY2024-25 is Nitin Khanna. Gaurav Singh serves as Chief Operating Officer and Salil Khare as Chief Projects Officer. This succession was described by the company as a 'well-crafted succession plan' developed over two years.

3. Lemon Tree Hotels Limited

Promoter Behaviour & Shareholding

Lemon Tree Hotels was founded in 2002 by Patanjali (Patu) Govind Keswani, who remains the central figure in the promoter group. The promoter and promoter group held approximately 30.55% of shares as of December 31, 2024. The Keswani family collectively held around 22–23% of the company as of September 2025. The promoter stake has been progressively diluted since the company's 2018 IPO, with institutional and foreign investors increasing their participation. There is no significant pledging of promoter shares reported. The company has a notable institutional investor base, with Warburg Pincus (through Willem Hazeleger's board representation) among the early PE backers, and subsequent participation by mutual funds and FPIs. Lemon Tree's promoter group has been relatively transparent, with no controversies around related-party transactions or insider trading flagged in the public domain.

The board has a majority of independent directors, providing strong governance oversight. Independent directors bring experience in commercial real estate, banking, and tourism. The company also saw changes at the Company Secretary level: Jyoti Verma resigned in January 2025, Rashi Goel was briefly appointed in February 2025 and resigned in March 2025.

Leadership History (2024–2025)

The most consequential development at Lemon Tree Hotels in this period was the structured CEO succession announced in August 2025, effective October 1, 2025. Patanjali Govind Keswani, who had been Chairman & Managing Director since the company's founding in 2002, transitioned to the role of Executive Chairman — stepping back from day-to-day operations while retaining his seat as chairman of the board. Neelendra Singh was appointed as Managing Director and CEO effective October 1, 2025. He brings 26 years of experience across strategy, investment, and operations. Kapil Sharma, who had been CFO since joining in 2004, was elevated to the Board as Executive Director & CFO. Vishvapreet Singh

Cheema joined as President effective June 9, 2025, overseeing operations, human resources, and revenue. He previously served as Director of Operations for Southwest Asia at IHG Hotels & Resorts, managing around 50 hotels. The company described these changes as part of a 'future-focused succession plan' aimed at leadership continuity and strong governance. All appointments were subject to shareholder approval.

4. EIH Limited (The Oberoi Group)

Promoter Behaviour & Shareholding

EIH Limited is the flagship listed entity of The Oberoi Group, founded in 1949 by the late Rai Bahadur M.S. Oberoi. The Oberoi family — comprising Arjun Singh Oberoi and Vikramjit Singh Oberoi, sons of the late P.R.S. Oberoi (Chairman Emeritus) — is the majority shareholder. The promoter and promoter group held approximately 32.84% of EIH as of June 30, 2024, with the promoter shareholding reported as completely unpledged — a notable positive from a governance standpoint. P.R.S. Oberoi, who held the title of Chairman Emeritus, was long associated with EIH Holdings Ltd., and EIH Holdings Ltd. is one of the key holding vehicles. A significant strategic element in EIH's shareholding is the presence of Reliance Strategic Business Ventures (an investment arm of Reliance Industries Limited) holding approximately 18.83% of EIH as of June 2024. ITC Limited, a historical cross-holding from the era of a proposed stake acquisition, holds approximately 14.98% in EIH. These two large non-promoter institutional shareholders together hold a substantial minority position that gives the shareholding structure a distinctive character. The promoter family has made no significant open-market purchases or sales in the 2024–25 period, and the stake has remained broadly stable.

Board Composition (as of FY2024-25)

EIH's board reflects a classic family-managed company with significant independent oversight. The current board includes:

- **Arjun Singh Oberoi**: Executive Chairman (effective May 4, 2022; previously MD – Development since April 2015)
- **Vikramjit Singh Oberoi**: Managing Director & CEO (in the role since April 1, 2015)
- **Nita Mukesh Ambani**: Non-Executive Director
- **Manoj Harjivandas Modi**: Non-Executive Director (Reliance representative; professional consultant with 30+ years experience)
- **Renu Sud Karnad**: Non-Executive Independent Director (former MD of HDFC Ltd.; Chairperson of GlaxoSmithKline Pharmaceuticals India)
- **Sanjay Gopal Bhatnagar**: Non-Executive Independent Director (IIT Delhi, Stanford, Harvard; CEO of Water Health International)
- **Rajeev Gupta**: Independent Director (joined board in 2024 — new appointment)

The presence of Nita Mukesh Ambani and Manoj Modi on the EIH board reflects the strategic relationship with Reliance Industries following their equity investment. Rajeev Gupta joining as an independent director in 2024 was the primary board-level change during the review period. The board is notable for combining hospitality expertise (the two Oberoi brothers), large corporate governance experience, and financial sector backgrounds.

Leadership History (2024–2025)

EIH Limited has seen continuity at the top leadership level. Arjun Singh Oberoi was appointed Executive Chairman effective May 4, 2022, succeeding his father P.R.S. Oberoi in the executive chairman role. He had previously served as Managing Director – Development since April 2015. Vikramjit Singh Oberoi has

been MD & CEO since April 1, 2015, having progressed through the ranks — from Non-Executive Director (1993) to Deputy Managing Director, to Joint MD, to COO & Joint MD. Both brothers have been with the company for over two decades, and there have been no changes at the MD or Chairman level during FY2024 or FY2025. P.R.S. Oberoi resigned from EIH Holdings Ltd. board in March 2023, marking a generational transition in the broader group. Rajeev Gupta's induction as independent director in 2024 was the only notable board-level change. The group operates 30 hotels (9 owned, 21 under management contracts) with 4,269 rooms as of June 2024.

5. Juniper Hotels Limited

Promoter Behaviour & Shareholding

Juniper Hotels Limited is a luxury hotel development and ownership company that listed on Indian exchanges through its IPO in February–March 2024. It is structured as a 50:50 joint venture between the Kolkata-based Saraf Group and Hyatt Hotels Corporation (HHC), the latter participating through its indirect subsidiary Two Seas Holdings Limited. The four identified promoters of the company are: Arun Kumar Saraf (individual), Saraf Hotels Limited, Two Seas Holdings Limited, and Juniper Investments Limited. Among these, Saraf Hotels Limited and Two Seas Holdings Limited each held 50% of the pre-IPO equity share capital, making this a uniquely structured listed entity — a formal corporate JV between an Indian family group and a major global hotel brand. As of the most recently reported quarter, the promoter holding stands at approximately 77.5% — an unusually high promoter stake for a listed company, reflecting the limited public float post-IPO. There are no promoter pledges reported. FII holding stood at around 9.4%, with mutual funds at approximately 7.0% and institutions collectively at 19.0%. The Saraf-Hyatt partnership spans over four decades, originating from the opening of the first Hyatt hotel in India — the Hyatt Regency Delhi — in 1982. Juniper holds the distinction of being the only hotel development company in India in which Hyatt has made a direct strategic equity investment.

Board Composition (as of FY2024-25)

The Juniper Hotels board reflects the dual-promoter structure of the Saraf Group and Hyatt. The current board members include:

- **Arun Kumar Saraf:** Chairman & Managing Director (Promoter; associated with the company since 1998; BA in Business Economics, UCLA)
- **Namita Saraf:** Nominee Director (representing Saraf promoter interest)
- **Pallavi Shardul Shroff:** Independent Director (senior advocate and Managing Partner, Shardul Amarchand Mangaldas)
- **Rajiv Kaul:** Independent Director
- **Sunil Mehta:** Director
- **Avali Srinivasan:** Independent Director
- **David Alan Peters:** Director (representing Hyatt / Two Seas Holdings)

The board composition balances the two key promoter groups — Saraf family and Hyatt — alongside independent directors with strong legal, financial, and operational credentials. Historical directors include Tilak Raj Bajalia and Steven Robert Goldman. The AGM was held on September 19, 2024 (for FY2023-24), with the next AGM on September 19, 2025.

Leadership History (2024–2025)

Juniper Hotels completed its initial public offering in February–March 2024, making it one of the newest entrants among listed Indian hospitality companies. The IPO was a pure fresh issue, with the proceeds earmarked for debt repayment and general corporate purposes. Arun Kumar Saraf has remained Chairman and MD throughout the 2024–25 period, providing leadership continuity. In September 2023 — just prior to the IPO — the company made a significant inorganic move by acquiring 430 keys across

three Hyatt hotels held by Chartered Hotels Private Limited (owned by the promoters), via a fresh issue of 2.88 crore equity shares. This acquisition was part of the strategy to consolidate Hyatt-affiliated hotel assets in India under a single listed vehicle. As of September 2023 (the most recent date cited in the RHP), Juniper held a portfolio of seven hotels and serviced apartments with 1,836 keys, representing 19.6% of all Hyatt-affiliated rooms in India. The company generated revenue of approximately INR 976 crore for FY2024-25, representing an 18% one-year revenue CAGR, and reported a profit of INR 151 crore. No major senior management changes have been publicly disclosed for the 2024–25 period.
